SPECIFICATION SHEET

Horizontal Mount Sprinkler Fire Extinguisher

Designed for single unit installations, the Buckeye Fire Equipment Mini-Guard automatic spot protection extinguishers provide supplementary fire protection suitable for some local and total flood applications. These units are not intended as a substitute for automatic sprinkler systems, fixed pre-engineered or engineered extinguishing systems and are not intended to be multiple mounted.

The Mini-Guard automatic spot protection extinguishers are designed, constructed, and tested to the same engineering standards as our portable fire extinguishers. The units are fitted with a detection sprinkler head that is rated at 165° F. They are single-use extinguishers and cannot be refilled.

Suitable for use on the following types of fire: Class A Fires: Fires involving ordinary combustible materials, such as wood, cloth, paper, rubber, and many plastics. Class B Fires: Fires involving flammable liquids, combustible liquids, petroleum greases, tars, oils, oil based paints, solvents, lacquers, alcohols, and flammable gases. Class C Fires: Fires that involve energized electrical equipment

SPECIFICATION SHEET

Horizontal Mount Sprinkler Fire Extinguisher

Agent Type:	ABC multipurpose dry chemical
Agent Capacity:	20 lb. (9.1 kg)
Ship Weight:	36 lb. (16.3 kg)
Operating Pressure:	195 psi (1344 kPa)
Bracket:	Not Included. Sold Separately.
Unit Length:	21.875 in (55.6 cm)
Unit Diameter:	7.5 in (19.1 cm)
Max Total Flood Valume:	2184 cu. ft.
Max Total Flood Height Above Hazard:	14 ft.
Local Application Coverage Areas:	12 ft. x 13 ft.

General Features

- Manufactured to meet UL's rigorous standards for commercial hazard protection and backed by our manufacturer's warranty
- Anodized metal & brass valve assemblies for superior strength and corrosion resistance
- Industrial grade steel & aluminum cylinders with polyester powder coating designed to withstand harsh environments & rough usage
- Metal pull pins, vehicle brackets and wall hooks for extended unit service life
- The extinguisher nameplate incorporates bilingual operating and maintenance instructions. Available in English/Spanish & English/French
- Color-coded gauges show operating status at-a-glance
- Extinguishers have model and serial number bar coding for easy and accurate maintenance history
