

# 1 TON INDUSTRIAL BULK BAGS

Debris | Kindling | Stone | Cement | Gravel | Wood | Rubber | Soil | Fertilizer | Sand

## TRIED & TESTED UNDER EXTREME CONDITIONS

PowerPak 1 Ton Bulk Bags have been put to work for decades by utility & infrastructure workers moving the heaviest, bulkiest, and toughest materials. If you need a bulk lifting bag that won't let you down - congratulations, you found it.

- |                                       |   |                                   |
|---------------------------------------|---|-----------------------------------|
| 1. (4) 10" Cross-corner lifting loops | 4. 25 per pack / 430 per pallet                   | 7. Extraordinary tensile strength |
| 2. Safe working load: 2600 lbs        | 5. Top quality resin material                     | 8. Weather resistant              |
| 3. Dimensions: 34" x 34" x 41"        | 6. Economical alternative to dumpsters/trash cans | 9. High storage capacity          |
