

SPECIFICATION SHEET

ARRESTA® TRAUMA RELIEF STRAP

Designed to prevent the effects of suspension trauma after a fall

Avoid the effects of suspension trauma with the **ARRESTA® Trauma Relief straps**. Extremely effective and specially designed to help relieve the negative effects of Suspension Trauma. They are compact and light-weight, and don't interfere with the activity of the worker. They are easy to attach to the Harness with the help of the textile loop and very easy to deploy in the event of a fall.

DESIGN

- 20mm Polyester webbing
- Formed pouch for holding the straps
- Textile loops on the straps adjust for different lengths
